Kindergarten parents,

We are excited to welcome your child to kindergarten this year. As a reminder, kindergarten starts this Thursday, August 29. For those parents new to Rees I wanted to pass on some important safety information so you could train your child on how to get to class each day.

At Rees Elementary we take student safety very seriously. We lock all outside doors other than the main front doors on the northwest side of the building (by the flag pole) every morning at 9:00 am. The only times other doors are open throughout the building are if a teacher is on supervision outside and can monitor who enters the building. Once the teacher comes back into the building the doors are again locked.

In the morning several parents drop off their children on the south side of the building close to the kindergarten and pre-school classrooms. This option will still be available since the doors are unlocked because we have adult supervision at this location from 8:30-9:00. Once school starts at 9:00 the southwest doors will be locked for the remainder of the day. If any student arrives after this time they will need to go the main entrance and check in at the office.

For afternoon kindergarten students, **all** students will need to enter the building at the main entrance (northwest side) because the southwest doors will not be open. Please either walk with your child to class or train them how to get to their kindergarten class from the main entrance. If your child is ever late to school they always need to check in at the front office and get a late slip. We understand this is not as convenient as coming in the southwest doors but feel strongly that this provides the safest option for all of our students. We appreciate your support.
