

4/19/2019

School Community Council

In Attendance: Adam Gull, Nate Wright, Sasha Tew, Wendy Mason, Lindsay Davis, Andrea Osborn, Lindsay Edvalson, Tiesha Christensen, Morgan Foutz, Carla Nixon

Wellness

What we have done this year: PTA Fun Run, Jump-A-Thon, Marathon (teacher's choice and Advertising), encouraging teachers to give non-food rewards(ie: terrific Tuesday that fifth and sixth grade do and teaching a sport once a month), breakfast week, note home about healthy habits, track meets, encouraging students to bring water bottles.

Safe Walking Route

Possible Changes: Roundabout has begun construction, should be happening soon. Flashing lights crosswalk helps a ton!

Three way stop is fine.

Roundabout area is not very safe. (How tall will it be?)

Talked about changing the route a little further west for kids on North Side.

Current Plan Changes:

- Railroad Sign need to be repainted on sidewalk
- Student climbing up on barrier and looking up on US 6 or running down embankment into street
- Take out Part 8C
- Part 8D - Will update plan when roundabout construction is complete
- Part 8E - Students crossing from South of Rees Elementary should use the flashing pedestrian lights to cross.

We will be getting a bike rack cage near the shed.

Concerns:

Safety of visitors coming into the school. No one noticing that people are coming in. Can they see me? Is there a way to make it safer?
